Hello Jay,

My name is Steve Weinstein.

I would like to go on record regarding my support for Commission Reviczky's nomination.

We own a farm in East Hartford Ct. : Connecticut Hydroponic Farm LLC. the commissioner came to our farm with the Governor last year to see how the funds that we received from the grant was being put to use.

Our feeling is that the commissioner is very supportive of the needs of the agriculture community here in Connecticut and keeps these needs in the forefront of not only the governor but the political "world" also.

We would certainly like to see this continue and hope that the nomination is successful.

Thank you

Steve Weinstein
